

Grace Place Class Description 2021-2022

- Grace Place will be offering two different categories of classes for the 2021-2022 season... Recital Participation Classes and Non-Recital Participation Classes.
- Grace Place will present an annual recital which showcases a variety of routines composed of performers from recital participation classes at the end of the season (late spring/early summer).
- GP acknowledges that some students love the idea of showing off their talents on stage in front of an audience and have the ability to make the commitment needed; whereas, other students desire to learn to dance or to do acro/tumbling, but do not want to perform on stage or do not have the ability to make the commitment required. With a desire to offer dance~fitness~fun to all, GP will be offering two enrollment options.
- GP members have the option of being part of either a recital class(es), non-recital class(es) or a combination of both recital and non-recital classes.
- Outlined below are the criteria for participation in the two different categories.
